

9148 BAMBOO DRIVE

This property was identified in May, 2008 by the City of Palm Beach Gardens Code Compliance Division as a potential candidate for the Neighborhood Preservation Program. The property owner is a single parent who indicated that due to the economic down-turn the assistance would provide a great deal of relief for his family. Additionally, completion of this project further enhances the overall appearance of the neighborhood. The property owner was guided through the screening process by the

Code Compliance Division. Further assistance with the application completion and coordination of all efforts was facilitated by the City's Code Compliance Division. Upon completion of the application process, this project was scheduled and completion of painting was accomplished on July 18, 2008. Thanks to the collaborative efforts of the City of Palm Beach Gardens Code Compliance Division, the Solid Waste Authority and a host of 15 volunteers. Approximate cost savings was \$2,000.
