

# 4320 LILAC STREET

This property was identified by the City of Palm Beach Garden Division as a potential Neighborhood Preservation candidate. The City was able to help link this property with the Solid Waste Authority and obtain the necessary permits for the entire exterior. This project would have cost approximately \$5,360 dollars; however, based upon the SWA's assistance regarding the project, the City granted

in May, 2008 by the City of Palm Beach Garden Division as a potential Neighborhood Preservation candidate for the Neighborhood Preservation Program. The city development with Solid Waste Authority to obtain 200 gallons of paint for the exterior. This paint would cost \$5,360 dollars; however, based upon the SWA's assistance regarding the project, the City granted

additional time to comply.
