MEYER PREPARATORY

S C H O O L

Our school is looking to install a digital copy sign which will display school messages to our parents while they are in carpool. The sign will not contain scrolling, jumping, or flashing text. Instead, a cloud based software program which we will operate will be able to send slides to the sign for display. The sign will include flowers along the base. We will also add colored flowers to the existing sign on Hood Road to beautify that area.
